Impossible can be done.

KATs Innovation Arts started with a single wedding in Chennai and a simple promise — that ambition should never be limited by logistics. Seven years, 400+ events, and a pan-India footprint later, we still answer every enquiry ourselves. Every event is a signature.

Design-led

Every event starts with a mood board, a colour palette, and a story arc — never a template.

Logistics-obsessed

70+ vendor relationships across India means we deliver Coimbatore stagework in Kolkata, on time.

Founder-attended

Karthikaa personally walks every event floor. No handoffs, no surprises.

Five categories. One obsession.

What they say afterwards

★★★★★

An arangetram is nerve-wracking to produce. KATs handled the orchestra, the temple set, and 500 seats without a single cue missed.

— Dr. Aditya Iyer · Mumbai

★★★★★

A traditional seemantham done with such taste and calm. Our elders were moved. Every ritual sequenced perfectly.

— Meenakshi R. · Hyderabad

★★★★★

The way they build a theme end-to-end — from the invite to the return-gift wrapping — is on another level. Our daughter cried when the party ended.

— Anitha & Vasan · Coimbatore

★★★★★

We had 12 hours to reset the venue between two very different event days. KATs made it look easy. Our CEO wants them for every launch now.

— Ramesh V. · Bengaluru
